

BUXTON COMMUNITY CARES PROGRAM

The Buxton Community Cares Program was established in 1992. The program was designed for citizens to call in, who wish to have wellbeing checks daily.

This program has been very successful over the years. Through daily contacts, the people who utilize this program have developed great relationships with the dispatchers and police officers in this department.

The Communications Center is designed to handle any emergency in a timely and safe manner. It is important to understand that age is not a factor in receiving this service. Our department is dedicated to giving our best to those in need.
